We find it virtually impossible to believe that this is the 10th annual production that the Youth Workshop has presented on stage at the Archway Theatre. We are particularly pleased that we have been able to find such an exuberant, lively and fun Musical. All of the Workshop leaders are constantly amazed at the talent of our youngsters, and are extremely proud to once again show you family, friends and dedicated audience members just what they can do. We hope that you enjoy this production.

We could not complete another year without once again thanking all of the leaders, helpers and everyone who has helped us in any way, but in particular the parents who support our Youth Workshop activities. We continue to enjoy the full support of the Council of Management of the Theatre and this is also a source of pride.

We look confidently to the future, and in particular hope to extend our visibility by hosting a One Act Play Festival for Youth Theatres at some point in the future.

Jacque & Eddie Redfern
